

(b) *Preliminary agency actions.* By filing an Application for Participation, the landowner consents to a Department representative entering upon the land for purposes of assessing the wetland functions and values, and for other activities such as the development of the preliminary WRPO that are necessary or desirable for the Department to make offers of enrollment. The landowner is entitled to accompany a Department representative on any site visits.

(c) *Voluntary reduction in compensation.* In order to enhance the probability of enrollment in WRP, a landowner may voluntarily offer to accept a lesser payment than is being offered by the Department.

§ 1467.6 Establishing priority for enrollment of properties in WRP.

(a) The Department shall place priority on the enrollment of those lands that will maximize wildlife values (especially related to enhancing habitat for migratory birds and other wildlife); have the least likelihood of re-conversion and loss of these wildlife values at the end of the WRP enrollment period; and that involve State, local, or other partnership matching funds and participation.

(b) *Ranking considerations.* Based on applications for participation, the State Conservationist, in consultation with the U.S. Fish and Wildlife Service and the State Technical Committee, will rank properties based on: estimated costs of restoration and easement acquisition, availability of matching funds, significance of wetland functions and values, estimated success of restoration measures, and the duration of a proposed easement with permanent easements being given priority over non-permanent easements.

(c) The Department may place higher priority on certain geographic regions of the State where restoration of wetlands may better achieve Department State and regional goals and objectives.

(d) Notwithstanding any limitation of this part, the State Conservationist may enroll eligible lands at any time

in order to encompass total wetland areas subject to multiple ownership or otherwise to achieve program objectives. Similarly, the State Conservationist may, at any time, exclude otherwise eligible lands if the participation of the adjacent landowners is essential to the successful restoration of the wetlands and those adjacent landowners are unwilling to participate.

§ 1467.7 Enrollment of easements.

(a) *Offers of enrollment.* Based on the priority ranking, the Department will notify an affected landowner of tentative acceptance into the program for which the landowner has 15 calendar days to sign a letter of intent to continue. Department will select lands to maximize environmental benefits per expenditure of Federal funds.

(b) *Effect of letter of intent to continue (enrollment).* An offer of tentative acceptance into the program does not bind the Department or the United States to acquire an easement, nor does it bind the landowner to convey an easement or agree to WRPO activities. However, receipt of an executed letter of intent to continue will authorize the Department to proceed.

(c) *Acceptance of offer of enrollment.* A contract will be presented by the Department to the landowner, which will describe the easement area; the easement terms and conditions; and other terms and conditions for participation that may be required by the Department. A landowner accepts enrollment in the WRP by signing contract.

(d) *Effect of the acceptance of the offer.* After the contract is executed by Department and the landowner, the Department will proceed with various easement acquisition activities, which may include conducting a survey of the easement area, securing necessary subordination agreements, procuring title insurance, and conducting other activities necessary to record the easement or implement the WRPO.

(e) *Withdrawal of offers.* Prior to execution by the United States and the landowner of the contract, the Department may withdraw its offer anytime due to availability of funds, inability to clear title, or other reasons. The
